

Senior Project Manager with M&A experience

Do you see yourself support the worlds transition toward a greener future and are you an experienced and motivated Senior Project Manager with a strong technical background and proven expertise in managing complex company integration projects particularly in the context of merger and acquisitions (M&A). We are looking for a candidate who also can align complex digital projects across the business with strategic business objectives.

Your position

In your new position as Senior Project Manager it requires a leader capable of driving successful merger-integration initiatives, managing cross-functional teams, and delivering results in a dynamic environment.

The position is full-time, and your place of work can either be at our Global HQ located in Esbjerg or our office in Copenhagen. You can expect to travel 20-30 days per year.

Your tasks & responsibilities

As a Senior Project Manager, you will be responsible and leading the end-to-end project management of an IT projects (merging 2 companies), including planning, execution, and post-integration stabilization.

Your tasks will include, but are not limited to:

- Manage technical integration projects by defining scope, aligning objectives and ensuring smooth transitions.
- Drive technical project execution, coordinating with Digital & IT and Renewables to ensure timely and effective delivery.
- Acting as a strategic and digital business partner to ensure connection and understanding between Digital & IT and Renewables.
- Lead change initiatives, enable minimal disruption and successful adoption of new systems, digital initiatives and processes.
- Ensure projects adhere to governance, compliance standards, and provide regular performance updates to our stakeholders.

Your profile & qualifications

We are looking for an experienced and motivated Senior Project Manager who is passionate about driving complex technical integration projects, particularly in the context of M&A. And have a proactive and structured approach to your work, with a strong ability to align digital initiatives.

To succeed in this position, we imagine that you have:

- Proven experience managing large-scale, M&A and cross-functional projects in international environments, with strong leadership and problem-solving skills.
- Expertise in M&A integration processes, serving as a key player in stakeholder management.
- Proficiency in project management methodologies (Scrum Agile, Waterfall), and the ability to thrive in a fast-paced environment.
- Knowledge of the Renewable Energy sector is an advantage, but not required.

Welcome to Semco Maritime

At Semco Maritime, we create change. For people. For projects. And for the global energy sector. With us, you will join a community of over 2,500 of the most dedicated thinkers and doers in the energy industry who are driving real change and making their own personal mark on the global energy landscape.

While everyone knows *why* the energy transition is vital, we are concerned with the journey. *How* to get there. By providing the answers needed to make change real. Because we believe that global energy ambitions can only be realized through hard work and clever pragmatic solutions. This is what we do. This is what we invite you to participate in.

So yes, working for us will change the energy sector – and may well change you too.

Change. With us.
