

# Quality Specialist (QA Assurance)

*Are you a quality-focused professional looking for a new challenge in an exciting and dynamic work environment? Do you also want to be part of a global growth and sustainability journey? Look no further!*

## **Your position**

As Quality Specialist in our Quality department, you will be a valuable member of the dedicated Quality team, working together to ensure the quality performance within our organisation and offshore operations across the world. You will act as a key sparring partner for both project management and our clients in improving the quality performance for tenders, projects, and audits. Your primary place of work will be at our Global HQ in Esbjerg by the seafront, with one of the best views in the city. The position is full-time, and we offer flexible working conditions with the possibility of working from home two days a week. In addition, you should expect 10-20 travel days per year.

*"At Semco Maritime, being part of the Quality Department means joining a team that is dedicated to excellence. You'll work in a dynamic and evolving environment where continuous improvement, and collaboration are a part of everything we do. Each day brings meaningful challenges, and we achieve results together through professionalism and a shared commitment to delivering quality—every time"* – Quality Manager, Thomas Bjerrum

## **Your tasks & responsibilities**

You will play a central role in improving the quality performance within Semco Maritime and within complex projects. Furthermore, you will support the development and execution of quality initiatives in collaboration with internal and external stakeholders. Your responsibility will also be to ensure quality support in tenders and projects.

Your tasks will include but are not limited to:

- Creating project quality plans, inspection- and test-plans, project specific audit programmes and other project relevant documents.
- Drive quality in projects.
- Creating proactive action plans for improvements on basis of data
- Ensuring compliance to contracts in projects
- Executing internal audits and supplier audits
- Contributing to trend analysis from reporting system

## **Your profile & qualifications**

As a person, you possess a proactive and curious mindset, with a systematic and structured approach to your work. You take ownership of your tasks and have an open-minded attitude to create the best results. You have great communication skills and enjoy building relations with people.

To succeed in the position, we imagine that you have the following qualifications:

- Preferably a technical background
- 5+ years of experience in the execution of quality activities
- Quality experience from similar projects or industries
- Knowledge of legal requirements
- Familiar with HSEQ disciplines
- Knowledge of or experience with ISO 9001 is beneficial

## **Welcome to Semco Maritime**

At Semco Maritime, we create change. For people. For projects. And for the global energy sector. With us, you will join a community of over 2000 of the most dedicated thinkers and doers in the energy industry who are driving real change and making their own personal mark on the global energy landscape.

While everyone knows *why* the energy transition is vital, we are concerned with the journey. *How* to get there. By providing the answers needed to make change real. Because we believe that global energy ambitions can only be realized through hard work and clever pragmatic solutions. This is what we do. This is what we invite you to participate in.

Safety is at the core of everything we do, and we are committed to protecting our people, partners, and the planet as we work towards a sustainable energy future.

So yes, working for us will change the energy sector – and may well change you too.

Care to join the movement?

**Change. With us.**
