

GWO-Certified Personnel for Offshore Projects

Location: Offshore

Rotation: 2:2

Are you GWO-certified and ready for an exciting offshore career with a leading global company? Semco Maritime is looking for skilled and motivated professionals to join our team for various offshore projects.

Key Responsibilities:

- Perform tasks in accordance with GWO standards and safety protocols.
- Collaborate with team members to ensure efficient and safe project execution.
- Participate in maintenance, repair, and installation work as required by the project.
- Adhere to all offshore regulations and company policies.

Qualifications:

- Valid GWO certification (including First Aid, Manual Handling, Fire Awareness, Working at Heights, and Sea Survival).
- Experience in offshore work is preferred.
- Strong commitment to safety and teamwork.
- Flexibility and adaptability to work in challenging environments.

If you are interested in joining our team, please submit your application.
