

Welders, Offshore

Do you want to work on some of the largest Oil & Gas projects in the Danish sector of the North Sea? Have you been looking to join a company in growth with many opportunities for employment and great job security? Do you also want to have more time for your private life?

Then you are the one we have been looking for!

We are looking for welders for offshore work in the Danish sector. Throughout the year we will be adding 250 more workers to our manpower pool.

Your position

We offer you a unique opportunity to join Semco Maritime during our largest growth phase yet. You will be working in a turn based 2:2 or a 2:3 which means you will spend 2 weeks offshore and the 2 to 3 following weeks at home. That also means you will have a work/life balance most people will be envious of, because during the 2 weeks of the rotational period that you are home you can dedicate yourself fully to your family, your hobbies, and your passions.

Your tasks & responsibilities

Together with your team you will be playing a key part in ensuring the quality of our costumers' offshore assets.

Your tasks will include but are not limited to:

- Carrying out daily tasks related to welding and pipefitting
- Assisting the mechanical team if needed
- Helping out the other teams when necessary

Qualifications

We imagine that you are good at teamwork and that you work with attention to detail. Furthermore, you should be comfortable with routine tasks and working with predefined processes and guidelines. It is important that you possess a safety-first mindset.

To be successful in this position we expect that you have the following qualifications:

- Educated/trained welder, smith, mechanic, pipefitter or similar
- Experience with welding processes 141, 111, 136
- Availability to pass site tests
- Preferably have offshore experience

Welcome to Semco Maritime

We offer you an interesting and challenging job in an international organization, where we strive to provide innovative and sustainable solutions globally.

There are opportunities for personal and professional development within the job. Furthermore, Semco Maritime is in growth so there are job opportunities for permanent employment.

There are both permanent positions and long duration project positions available.

We conduct our interviews on an ongoing basis, so if you are interested, you must submit your application as soon as possible via the link on the page.

If you have any questions for the position, contact Stine Jessen at +45 79 16 66 66.

We look forward to hearing from you!
