

Sitemanager (m/f/x) for Offshore & Onshore

At Semco Maritime, we are committed to driving real change in the energy sector. With over 2,400 dedicated professionals, we provide pragmatic solutions to realize global energy ambitions. Our expertise spans both conventional energy and the offshore wind industry, positioning us uniquely to bridge today's and tomorrow's solutions.

Are you a seasoned professional with a technical background, eager to lead and coordinate on-site operations in the dynamic energy sector? Semco Maritime is seeking a dedicated **Site Manager** to oversee both onshore and offshore campaigns, ensuring projects are executed safely, on time, and in compliance with all relevant regulations.

Your Responsibilities:

As a Site Manager, you will:

- Plan and execute onshore and offshore projects in close collaboration with project managers.
- Lead and evaluate teams of engineers, technicians, and workers, fostering a culture of excellence and safety.
- Ensure compliance with all safety, regulatory, and environmental standards.
- Build and maintain strong client relationships, addressing concerns and ensuring satisfaction.
- Manage resources efficiently, ensuring cost control and quality deliverables.
- Create detailed progress reports, sharing updates with clients and management.

We are looking for a professional with:

- A technical background and proven experience in site or project management, preferably in the energy sector.
- Strong leadership and interpersonal skills to manage diverse teams and stakeholders.
- A track record of ensuring safety and regulatory compliance in complex operations.
- Excellent organizational and problem-solving skills to handle dynamic project environments.
- Proficiency in English (spoken and written) and familiarity with relevant IT tools.
- Knowledge of electrical systems and prior experience on construction sites is a plus.

What we offer:

- Opportunities for professional growth and development.
- A competitive salary that reflects your expertise and the responsibilities of the role.
- A collaborative and supportive work environment.
- The chance to make an impact in the global energy transition.

If you're ready to take on this exciting challenge, submit your application via our career page at Semco Maritime Careers. We review applications on an ongoing basis, so don't wait!

For questions about the role, feel free to contact Maria Puhach at mpuh@semcomaritime.com.
