

Pipefitters to power-to-x in Herning

Deadline:
31-05-2024

Contact data:
Anna Dam

Location:
Denmark

We are looking for experienced and skilled Pipefitters to join our team at Topsoe in Herning for a long-term contract. If you have a passion for mechanical work and aspire to play a crucial role in exciting projects, this job opportunity might be perfect for you!

Responsibilities:

- Assemble, install, and maintain pipes and piping systems
- Identify and resolve mechanical challenges
- Adhere to safety standards and work procedures

Qualifications:

- Experience as a pipefitter or a similar mechanical background
- Basic knowledge of welding and pipe installation
- You can read and speak English
- Independent and collaborative work style

We offer:

- Engaging and challenging projects with a leading company
- Positive and collaborative working environment

We are looking for dedicated pipefitters who want to contribute to our projects at Topsoe in Herning, Denmark. If you are ready to take on challenging tasks and want to be part of an innovative company, please submit your application as soon as possible. Candidates will be invited for interviews on an ongoing basis. If you have any question, please reach out to Recruiter Anna Dam on anna@semcomaritime.com.
